Kimball Pianos

On account of their superiority as a distinctly artistic creation, Kimball Pianos have received the endorsement of and are used in the homes of the world's greatest artists. They are also used in the leading colleges and conservatories of the United States. It is the sentiment of the musical profession itself that no piano more nearly equals the human voice in sweetness, clearness, purity and power of tone.

"What about the winter underwear market? How many varieties do you carry, and what do you mean by "varieties"?
"We carry the largest stock of men's underwear in Chicago,—WE HAVE TO—our trade requires it. In our three stores we show the same stock of goods—this year it includes 75 differing weights and styles of men's garments in all the various textures, fleece lined, derby ribbed, and natural wool, goods that have given the highest satisfaction to our growing trade in each successive season. And the prices start at 50 cents and run up to $5.00 and we can please any taste or suit any patron surely, somewhere in the line.

For Dressy Men

The "Six Little Tailors" are showing some stunning novelties for early winter. The progressive methods, together with the low prices, of these world-famed tailors have met with the public approval to such an extent that it is only a question of supplying the enormous demands for their high-class popular-price tailoring.

There is no new style or fabric that can not be found in their mammoth establishment equal in every respect to those carried by the highest priced tailors of the world.

The prices asked by this firm for strictly high-class merchant tailoring are so moderate that it is needless for any man, no matter what his income to wear ready made-clothing, which is inferior in every respect to merchant tailoring.

SMALLER COAL BILLS.

A Device that Uses as Fuel the Combustible Gases from Coal.

Some one has said that long before the world's coal gives out some smart American will discover a method of bottling up enough of the sun's heat to serve all purposes, and will place it on sale at prices that will discount the figures of the coal barons. The time when that Yankee feat shall be demanded is, however, likely to be considerably deferred by a recent invention which greatly augments the combustion, and therefore decreases the cost of coal. It is called the Æolipyle.

The Æolipyle is an apparatus applied to the smoke pipe of furnaces, low pressure steam boilers and hot water heaters, and to quote from the manufacturer's circular its "primary object is to supply the air necessary for the proper burning of the coal at a temperature sufficiently high to cause the gas from the coal to burn in the furnace." How important this is may be estimated when it is known that this gas, which usually escapes unconsumed up the chimney, equals at least 40 per cent of the heat value of the coal.

This very useful device reverses all existing methods in that, with it the ash-pit door is kept closed, and very little air is allowed to enter below the grate. Instead, hot air is applied on top of the coal, and produces perfect combustion, thus securing the radiation of an amount of heat equalling the heat value of the gas which by the old methods escapes.

Another advantage of using the Æolipyle is that it effects a vast saving of time and labor, for with it all the coal is consumed and, therefore, no clinkers remain —only pure ashes. So no sifting is necessary; and, as the fire need only be shaken once a day, even in the coldest weather, and but two or three times a week in the mild season, you can, with slight care, keep your house night and day at an even temperature throughout—even the rooms which you have found difficult to heat. Still another important consideration is that by using the Æolipyle the grates will last practically as long as the heater itself, whereas by the old methods they have to be replaced every year or two. The cost is moderate, and will not tax your purse to any appreciable extent —in fact, when it is considered that the Æolipyle is indestructible and will last for years, it may be considered very cheap.

The Western Æolipyle Company, corner State and Lake streets, Chicago, are the western selling agents for the Æolipyle. They claim that the device will effect an average saving of 25 per cent in fuel, and are so sure of their ground that they offer to apply it to your heating apparatus under a guarantee that if the results are not satisfactory after thirty days use they will at the end of that period remove the Æolipyle, and restore plant to its original condition at their own expense.

Special Notice to South Side Patrons

The Illinois Central Suburban service now includes a new Express Theatre Train which leaves Homewood at 7:00 p. m. and Hyde Park at 7:44 p. m., arriving at Van Buren Street station at 7:53 p. m. An additional south-bound train has also been placed in service which leaves Randolph street at 1:00 a. m. and makes every local stop to Grand Crossing.

Ladies' reception-room and toilets to the left of the foyer. Gentlemen's smoking-room in basement to right of foyer.

Ample toilets for both ladies and gentlemen on the balcony floor.

After the performance a special exit from the dress circle may be made by the grand stairway direct to the vestibule.

Ladies' wraps will be cared for by an attentive maid in the reception-room.

Gentlemen's checkroom adjoins the smoking-room.

Telegraph and messenger calls in the ticket office.

Special calls for Owen Fay's carriages and auto's. Apply at the ticket office.

N. B.—Our patrons are entitled to, and should receive, the courteous and respectful attention of every employe. The management invites information of any incivility or inattention.

The offerings of THE ILLINOIS for the second season bid fair in all points to hold form with its brilliant inaugural year.

For many years the Columbia was the chief conservator of musical and operatic interests in this city; the new Illinois, its successor, will retain this supremacy and give a considerable portion of its season to this class of entertainment.

Dainty Anna Held, supported by Charles Bigelow and a superior company, will present her new operetta by Harry B. Smith and Reginald Dekoven, entitled "The Little Duchess."

Messrs. Klaw & Erlanger will bring the Rogers Brothers, supported by a bevy of beautiful girls and clever comedians in a new piece, already proclaimed a pronounced hit.

Dan Daly and Virginia Earle, in "The New Yorkers," will also play a fortnight or more, the organization being a new Lederer success.

"Florodora," the long promised attraction, which has been the reigning success on Broadway for the past year, will be another of the season's musical offerings.

The dramatic roster is certainly remarkable and has features of interest for the popular as well as the most artistically exacting taste.

Leading the legitimate theatrical attractions is Sir Henry Irving accompanied by Ellen Terry and the Lyceum theatre company of London. Assuredly a most welcome announcement.

Charles Frohman will present a new dramatic star, probably William Faversham, in a new version of "Don Cæsar."

Droll Lewis Mann and chic Clara Lipman have a new play for laughing purposes; and David Warfield, a popular character impersonator, will be the latest star in the field.

The well-known Eastern producers Messrs. Nixon & Zimmerman will present their splendid production of the new musical comedy "The Strollers" which occupied the Knickerbocker Theatre, New York, all last summer and but for previous bookings could have remained there indefinitely so emphatic was its success. They will also present during the season their recent English importation, the new musical success, "The Messenger Boy," with Mr. James T. Powers in the title role.

Klaw & Erlanger's "Troubadours' is a new musical organization which these enterprising managers have launched for the purpose of presenting Mr. Harry B. Smith's latest creation, "Liberty Belles."

Mr. Charles Frohman will present the very popular favorite Miss Ethel Barrymore whose success in the new play, "Captain Jinks," takes her into the front rank of star comediennes.

Capsicum Vaseline.

(PUT UP IN COLLAPSIBLE TUBES)

A substitute for and superior to mustard or any other plaster, and will not blister the most delicate skin. The pain-allaying and curative qualities of this article are wonderful. It will stop the toothache at once, and relieve headache and sciatica. We recommend it as the best and safest external counter-irritant known, also as an external remedy for pains in the chest and stomach and all rheumatic, neuralgic and gouty complaints. A trial will prove what we claim for it, and it will be found to be invaluable in the household. Many people say "it is the best of all of your preparations." Price **15** cents, at all druggists or other dealers, or by sending this amount to us in postage stamps we will send you a tube by mail. No article should be accepted by the public unless the same carries our label, as otherwise it is not genuine. CHESEBROUGH M'F'G Co., 17 State Street, New York City.

What Does Money Mean To You?

What do you see in a dollar? What does it mean to you? Is the attraction of a dollar to you the six cents it will earn at interest for a year? Do you see in a dollar nothing but a good meal, or a new hat, or a seat in the theatre, or a night in slums? Can you get more enjoyment out of a dollar put down your throat than you can from a dollar spent on improving your knowledge, and aiding in giving happiness to others?

The next time you have both a dollar and a minute to spare, think real hard where you can put that dollar to some actual good to somebody. Remember there is no other thing in the world so worthy of praise as the stopping of pain and suffering. A dollar will buy two bottles of Omega Oil, and two bottles of this Oil will cure all the aches and pains of two entire families. There may be more worthy things a dollar will buy, but I don't know what they are.

Let me give you a hint: If any of your friends have rheumatism, tell them Omega Oil is the right remedy to use. It doesn't cost a cent to *tell* things.

Tender Feet

Omega Oil

People with tender, sore, itching, tired, swollen feet ought to know that there is no excuse for them at all. They can rub Omega Oil on the feet each night for a week or so, and then they won't suffer any more. Omega Oil is now used by the very best foot doctors in New York, and they say it is just wonderful how the Oil takes the pain out of the feet. Bathe the feet in warm water, wipe dry, and then rub on the Oil. This treatment is particularly recommended to men and women who have to stand up or walk a good deal. Farmers, clerks, mechanics or women who do housework will find Omega Oil the best foot cure they ever tried.
